An International Baccalaureate World School

Dear Class of 2025 and Parents:

Your senior year is right around the corner. That means it is time to think about senior pictures. Impulse Studio is our contract photographer, so you must have your senior yearbook picture taken at their studio. The studio contact information is listed below. If you take the “Yearbook Only” option, it takes about 10 minutes, and there is no cost to you. I have selected this studio because they are excellent photographers and offer a variety of packages to meet your senior picture needs.

NDA has set guidelines for your senior picture. Your picture must be taken by **Oct. 31, 2024**. Because you will get very busy by late summer, I strongly suggest you schedule your appointment as soon as possible.

For your yearbook photo, **your shirt or sweater must be white** and have a modest neckline. Your top must be solid, not layered, and nothing should be visible beneath the shirt. Jewelry should not stand out. Additionally, the normal school dress code is in effect, including no nose rings or unnatural hair color. The studio will forward the all senior photos to me, and the school administrators and I will review the pictures.

Please note that we reserve the right to correct or reject any picture based on its own merits and adherence to the guidelines. Failure to meet these guidelines, whether specifically listed or implied, may result in the student not having her picture in the yearbook and senior composite photo.

It is the expectation of the school that you understand it is your responsibility to meet these guidelines. However, the photographers are aware of them, so if a photographer tells you a shirt does not meet the guidelines, please select another top better suited to our guidelines. They do have approved shirts at the studio to borrow, if needed.
